

PAVEL DEMIDOV
p.demidov@knute.edu.ua

Candidate of Technical Sciences, docent
Head of Department of Computer Science

Profile of the scientist in international bases:
Scopus, Web of Science, ORCID

RANGE OF SCIENTIFIC INTERESTS.

Formalization of organizational and economic tasks, development of automated information systems and artificial intelligence systems.

COURSES: "Theory of Algorithms", "Artificial Intelligence", "Information Systems and Technologies in Management", "Fuzzy Models and Networks".

EDUCATION AND PRACTICAL EXPERIENCE.

1981 - Graduated from the Faculty of Construction Automation of the Kiev Engineering and Construction Institute (KIBI) in the specialty "Automated Control Systems".

1991 - PhD. The dissertation was defended on December 19, 1991 in the specialized scientific council D 068.05.04 of the Kiev Engineering and Construction Institute of the Ministry of Education of Ukraine, specialty 05.13.06 - "Automated Control Systems".

Scientific title of Associate Professor of the Department of Design and Control Automation Systems was conferred in 1994.

He started working at the Kyiv National University of Trade and Economics since 2002 as an associate professor at the Department of Information Systems and Technologies.

Experience of scientific and pedagogical work in higher educational institutions for more than 30 years.

MAIN STAGES OF SCIENTIFIC AND PEDAGOGICAL ACTIVITY.

From 1981 to 1998 he worked at KIBI at the department of design and control automation systems in the positions of trainee teacher, assistant and associate professor.

From 1983 to 1986 he completed his postgraduate studies and defended his dissertation on the problems of implementation of automated systems for managing production and delivery of building structures to construction sites (1991).

From the second half of 1998 to 2002 he worked at the European University of Kyiv as the Head of Information Systems Implementation Research Laboratory, Director of Computing Center, Assistant Professor of Information Systems and Technologies Department.

Since 2002 he has been working at KNTEU, at various times he held the position of associate professor of departments: information systems and technologies; economic cybernetics and information systems. He is currently an associate professor at the Department of Software Engineering and Information Systems of KNTEU.

SCIENTIFIC RESEARCH WORK.

Supervises students' scientific work. Participates in the implementation of scientific topics at the department.

It has 64 publications: 28 of them are scientific and 36 of teaching and methodological character, including scientific papers published in national and international peer-reviewed publications.

QUALIFICATION AND TRAINING INCREASE.

1. BGS Solutions IT solutions for business, Kyiv, professional development report topic: "Technology of designing and administering databases and data warehouses", 01/20/15 - 02/20/15.

2. LLC Intellect Service, Kyiv, certificate № TEU / P 0018 for the right to teach and purchase the MEDoc program, subject: "Theoretical and practical course on working with the computer program MEDoc for the right to teach it on educational programs courses », 11/26/15.

3. Galaxy Corporation, Kyiv, Certificate of Professional Development № 290116/263, subject: "Galaxy ERP: Fundamentals of Functionality", 01/18/16 - 01/29/16

4. LLC "BBC Consulting" certificate № A-000455 topic "1C: Enterprise" module "Programming technologies and configuration on the platform" 1C: Enterprise 8 ", 01/30/17.

Distinction: Thanks and Certificate of the Rector of KNTEU.

Certificates: on the results of internships and advanced training in the field of teaching disciplines in vocational training.
