## Dear researchers and lecturers!

We invite you to participate in the conference “**Creating an Inclusive University Climate: Best Practices**”, which will be held on April 25, 2025 in Estonia. Scientists, teaching staff, academic-staff, whose activities are related to the topic of the conference, are invited to the conference.

The conference will consider current issues of theory and practice in ensuring that higher education institutions provide the conditions, methods, and means of their implementation for joint learning of students, taking into account their needs and capabilities.

The purpose of the conference is to discuss the challenges and prospects for implementing inclusive policies in higher education to form university development strategies for creating an open and accessible educational environment that takes into account the needs and potential of each member of society, to ensure equality and respect for diversity.

Thematic directions of the conference:

Section 1. Inclusive policy in higher education. World and Ukrainian experience in forming an inclusive educational environment.

Section 2. Inclusive culture as the basis of quality education.

Section 3. The role of a teacher/ academic staff in forming a safe and tolerant educational environment.

Section 4. Strategic and tactical planning for the development of an inclusive university.

Before the conference, all participants can submit their abstracts for publication on the conference website by April 20, 2025.

The conference proceedings will be presented on our open access platforms and indexed by CrossRef and Google Scholar.

The conference collection is published on the website of our publishing house and have an ISBN.

More information about the conference can be found at:

<https://conf.scnchub.com/index.php/CIUC/CIUC>

More information about the conference can be found at the link:

### **Abstract Requirements:**

1. Abstract that have not been published before are accepted for publication.
2. The language of the conference is English.
3. An abstract that does not meet the requirements or is not submitted on time will be rejected by the decision of the organizing committee.
4. Four sessions are planned for the conference.

According to the results of the conference, participants will receive:

- a certificate of participation in the conference;
- a collection of abstracts will be posted on the website <https://conf.scnchub.com>

**Abstract** should be in A4 format at 1.0 intervals. The length of the abstract is **up to 3,000 characters** without figures and tables, which not includes a list of reference. The text should be aligned on both sides (Times New Roman font, size 14), paragraph indentation should be 10 mm. All fields are 20 mm. The color of the graphic materials is black and white, the filling is done by hatching. Figures, diagrams, formulas and tables should not be outside the box. Pages are not numbered. Words are typed without hyphenation.

**In the center of the page - the title of the abstract. At the interval - the name, surname, scientific degree, academic title, work's place, position, email, ORCID are indicated. At the interval - the text. Finally, a references used, by APA style is provided.**

**Abstract** should be written using the following algorithm:

- first two or three sentences indicate the relevance of the topic;
- the aim and object of the study;
- the methodology (methods) of the study (for theoretical studies – its theoretical basis) are described;
- the obtained results and their practical value are characterized.

At the same time, every statement must follow logically from the previous one. In the abstract for a research paper, it is recommended to use the numerical results. In the abstract, the author can only point the issues discussed, without presenting the results. While writing the abstract, it is necessary to use the active voice instead of the passive voice, and such words as “thus”, “for instance”, “as a result”, etc. In the abstract, the author should not refer to any researches or other sources of information. The abstract should be written without subsections and without subtitles, i.e., is not structured.

In the Abstract, the author should **not refer to any sources, use tables and figures.**

***The authors are responsible for the content of the material. Materials should be carefully monitored under the rules of spelling.***

Example of abstract design <https://conf.scnchub.com/index.php/ICEAF/ICEAF-2024/schedConf/presentations>

You can submit an article if you wish. Full text of the article for publication in the journal Pedagogy and Education Management Review (<https://public.scnchub.com/perm/index.php/perm>)
