

March 10, 2022

The city of **Energodar** in the Zaporizhia region is in a difficult humanitarian situation, remains virtually blocked, and has problems with fuel and the supply of food and medicine.

In **Mariupol**, 17 children were injured and 3 children died as a result of the bombing by Russian planes. In the afternoon, the building of the Azov State Technical University was shelled, as well as near the Drama Theater. A humanitarian convoy is not allowed into the city, it is completely blocked.

Indiscriminate night strikes were carried out on the town of **Okhtyrka**, as a result of which private houses were destroyed. A Coca Cola plant was shelled near Brovary in the **Kyiv** region.

As a result of the devastating Hurricane shelling in the city of **Nizhyn**, Chernihiv region, 2 people were killed and 8 were injured. The explosion damaged the heating main.

Such actions violate the provisions of Art. 57 of Additional Protocol (I) to the Geneva Conventions of 1949, which obliges to take care to protect the civilian population, civilians and civilian objects, and Art. 48 of Additional Protocol (I) to the Geneva Conventions of 1949, which stipulates that "*the parties to the conflict must... always distinguish between civilian and military objects and, accordingly, direct their actions only against military objects*".

The Russian military has launched an air strike on the **Kharkiv** Institute of Physics and Technology, which is under IAEA protection as a nuclear facility, as it contains hazardous substances used for scientific purposes.

The Russian military, which captured the **Zaporozhia** NPP, mined the coast of the Kakhovka Reservoir, which borders the nuclear power plant. We will remind that capture of the construction containing dangerous forces, movement by a zone of alienation are violations of item 3 of Art. 35, item 1 of Art. 55, item 1 of Art. 56 of Additional Protocol (I) to the Geneva Conventions of 1949, as such actions harm the environment and could potentially cause significant harm to the population.
