	<b>TOTAL SCOPE OF THE EDUCATIONAL PROGRAM</b>	<b>240</b>

\* An exam is a form of final control for all components of the education program.

## 2.2. Educational Program Structural and Logic Scheme

### **3. ATTESTATION FORM OF APPLICANTS FOR HIGHER EDUCATION**

Attestation is carried out in the form of public defence (demonstration) of qualification work and attestation exam.

Qualifying work should involve solving a complex specific problem or practical problem in the field of psychology, which involves the application of basic psychological theories and methods characterized by complexity and uncertainty of conditions.

There can be no academic plagiarism, falsification, or fabrication in the qualifying work.

Qualifying work must be published on the official website or in the repository of the higher education institution.

The attestation exam in the specialty must check the achievement of learning results defined by the Standard of Higher Education and the educational program.

#### 4.1. Matrix of conformity of program competencies to the mandatory components of the educational program
