	assessment of learning outcomes of students and graduate students" and
	"Regulations on the organization of the educational process of students" of
	the KNUTE.
	6 - Program competencies
Integral competence	Ability to solve complex specialized problems and practical problems
	in the economic sphere, in particular to ensure the effective operation
	and sustainable development of agribusiness enterprises, which are
	characterized by complexity and uncertainty of conditions, which
Canaval Campatanaes	involves the application of theories and methods of economics.
General Competences (GC)	GC1. The ability to realize their rights and responsibilities as a member of society, to realize the values of civil (democratic) society
(GC)	and the need for its sustainable development, the rule of law, human
	and civil rights and freedoms in Ukraine.
	GC2. Ability to preserve moral, cultural, scientific values and increase
	the achievements of society based on understanding the history and
	patterns of development of the subject area, its place in the general
	system of knowledge about nature and society and in the development
	of society, technology, to use different types and forms of physical
	activity for active recovery and leading a healthy lifestyle. GC3. Ability to abstract thinking, analysis and synthesis.
	GC4. Ability to apply knowledge in practical situations.
	GC5. Ability to communicate in the state language both orally and in
	writing.
	GC6. Ability to communicate in a foreign language.

- GC7. Skills to use information and communication technologies.
- GC8. Ability to search, process and analyze information from various sources.
- GC9. Ability to adapt and act in a new situation.
- GC10. The ability to be critical and self-critical.
- GC11. Ability to make reasonable decisions.
- GC12. Interpersonal skills.
- GC13. The ability to act socially responsibly and consciously.

### Special (professional, subject) competencies

- SC1. Ability to identify knowledge and understanding the problems of the subject area, the basics of the modern economy at the micro-, meso-, macro- and international levels.
- SC2. Ability to carry out professional activities in accordance with applicable regulations and legal acts.
- SC3. Understanding the features of leading scientific schools and areas of economics.
- SC4. Ability to explain economic and social processes and phenomena on the basis of theoretical models, analyze and interpret the results.
- SC5. Understanding of features of modern world and national economy, their institutional structure, substantiation of directions of social, economic and foreign economic policy of the state.
- SC6. Ability to apply economic and mathematical methods and models to solve economic problems.
- SC7. Ability to use computer technology and data processing software to solve economic problems, analyze information and prepare analytical reports.
- SC8. Ability to analyze and solve problems in the field of economic and social relations.
- SC9. Ability to predict socio-economic processes on the basis of standard theoretical and econometric models.
- SC10. Ability to use modern sources of economic, social, managerial, accounting information for the preparation of official documents and analytical reports.
- SC11. Ability to justify economic decisions based on understanding the laws of economic systems and processes and using modern methodological tools.
- SC12. The ability to independently identify problems of an economic nature in the analysis of specific situations, to suggest ways to solve them.
- SC13. Ability to conduct economic analysis of the functioning and development of economic entities, assessment of their competitiveness.
- SC14. Ability to analyze in depth problems and phenomena in one or more professional areas, taking into account economic risks and possible socio-economic consequences.
- SC15. Ability to evaluate, diagnose and find opportunities to achieve positive changes in the activities of enterprises in the agricultural sector of the economy and their structural units.
- SC16. Ability to substantiate effective economic decisions to ensure sustainable development of agribusiness enterprises.

SC17. Ability to ensure the integration of national, corporate and personal interests of participants in economic processes.

#### 7 - Program learning outcomes

- 1. To associate oneself as a member of civil society, the scientific community, recognize the rule of law, in particular in professional activities, understand and be able to exercise their rights and freedoms, show respect for the rights and freedoms of others, including members of the team.
- 2. To reproduce moral, cultural, scientific values, to increase the achievements of society in the socio-economic sphere, to promote a healthy lifestyle.
- 3. To know and use economic terminology, to explain the basic concepts of micro- and macroeconomics.
- 4. To understand the principles of economics, features of economic systems.
- 5. To apply analytical and methodological tools to substantiate proposals and management decisions by various economic agents (individuals, households, enterprises and public authorities).
- 6. To use professional reasoning to convey information, ideas, problems and ways to solve them to specialists and non-specialists in the field of economic activity.
- 7. To explain the models of socio-economic phenomena in terms of fundamental principles and knowledge based on an understanding of the main directions of development of economics.

- 9. To understand the main features of the modern world and national economy, institutional structure, areas of social, economic and foreign economic policy of the state.
- 10. To analyze the functioning and development of economic entities, to determine the functional areas, to calculate the relevant indicators that characterize the effectiveness of their activities.
- 11. To be able to analyze the processes of state and market regulation of socio-economic and labor relations.
- 12. To apply the acquired theoretical knowledge to solve practical problems and meaningfully interpret the results.
- 13. To identify sources and understand the methodology for determining and methods of obtaining socio-economic data, collect and analyze the necessary information, calculate economic and social indicators.
- 14. To identify and plan opportunities for personal professional development.
- 15. To demonstrate basic skills of creative and critical thinking in research and professional communication.
- 16. To be able to use data, provide arguments, critically evaluate logic and draw conclusions from scientific and analytical texts on economics.
- 17. To perform interdisciplinary analysis of socio-economic phenomena and problems in one or more professional areas, taking into account the risks and possible socio-economic consequences.
- 18. To use regulations and legal acts which govern professional

	activities.  19. To use information and communication technologies to solve
	socio-economic problems, prepare and present analytical reports.
	20. To master the skills of oral and written professional
	communication in state and foreign languages.
	21. To be able to think abstractly, apply analysis and synthesis to
	identify key characteristics of economic systems of different levels, as
	well as the behavior of their subjects.
	22. To demonstrate flexibility and adaptability in new situations, in
	working with new objects, and in uncertain conditions.
	23. To show skills of independent work, demonstrate critical, creative,
	self-critical thinking.
	24. To demonstrate the ability to act socially responsibly and consciously on the basis of ethical principles, to appreciate and respect
	cultural diversity, individual differences.
	25. To own digital technologies in agribusiness.
8 - Resour	ce support for the implementation of the program
Personnel support	Specialists who train bachelors in the educational program
	"Agribusiness" must have professional knowledge and professional
	skills in economics and finance, including agricultural enterprises,
	economic analysis and planning, valuation of agribusiness, digital
	technologies in agribusiness.
	The participation of foreign specialists and practitioners in the
	teaching of disciplines of the training cycle is possible.
Material and technical	Ensuring the availability of the necessary resources for the
support	organization of the educational process, including independent work
	of students, for each educational program in accordance with the
	Regulations on the organization of the educational process of students; Regulations on independent work of students and graduate
	students, regulations on independent work of students and graduate students of KNUTE.
	The basis of material and technical support are laboratories,
	computer and specialized classrooms of KNUTE with modern
	technical and software resources that provide quality training for
	bachelors in the educational program "Agribusiness".
	Availability of social and household infrastructure of KNUTE.
Information and teaching-	Ensuring the availability of information systems for effective
methodological support	management of the educational process through systems:
	• distance learning MOODLE (provides independent and
	individual training, control),
	availability of Internet access and e-mail,  Office 1. C. A.
	• systems «Dean's Office», «1-C: Accounting for Ukraine»
	(financial support), «Workload-schedule»,
	• management of WEB-resources of KNUTE,
	• library fund management,
	• electronic document management system «OPTiMA— WorkFlow»,
	• corporate information field in the form of a «personal
	account» of the user of the KNTEU web portal.
	Ensuring publicity of information about educational programs,
	degrees of higher education and qualification: implementation of

	KNUTE information policy; publication on the official website of
	KNUTE of ECTS information packages, educational programs, class
	schedules, as well as all components of the educational process,
	which are subject to publication in accordance with the Law of
	Ukraine «On Higher Education».
	Ensuring an effective system of prevention and detection of academic plagiarism in the scientific works of KNTUE employees
	and applicants for higher education (publication of the text of
	dissertation research on the official website of KNUTE), compliance
	with the Code of Ethics of the scientist of Ukraine.
	Other procedures and measures to ensure compliance with the
	Licensing Conditions for educational activities by educational
	institutions.
	Information support is provided by the online system for business
	analytics «YouControl»; educational and methodological support is
	implemented through the distance learning system MOODLE.
	9 - Academic mobility
National Credit Mobility	It is envisaged by law and it is expedient when it becomes necessary
	to study (mastering) students of fundamentally new courses,
	disciplines that are not taught in the basic institution of higher
	education. Regulations on the procedure for realization of the right to
International Credit	academic mobility in KNUTE have been developed.
Mobility	The University has concluded agreements on cooperation between KNUTE and higher education institutions, in which partner exchange
Widdinty	and student training are carried out. In addition, international
	academic mobility is carried out through international programs and
	projects within Erasmus+ in particular with the following
	universities: Krakow University of Economics (Poland, Krakow),
	Szczecin University (Poland, Szczecin), Business School "Audensia"
	(France, Nantes), University of the Grenoble Alps (France,
	Grenoble), Pari Es Cretay University (France, Paris), University of
	Central Lancashire (Great Britain, Preston), University of
	Hohenheim (Germany, Stuttgart), Piraeus University of Applied
	Sciences (Greece, Piraeus), Clement Ohrid University (Bulgaria,
	Sofia).
Teaching foreign applicants	Conditions and features of the educational program in the context of
for higher education	teaching foreign citizens: knowledge of the Ukrainian language at a
	level not lower than B1.
	For foreign students, the discipline «Ukrainian language» is taught
	for 1-3 semesters with a separate schedule by teachers who have completed special training in teaching Ukrainian as a foreign
	language.
	idiigudge.
