

INTERNATIONAL MASTER IN PUBLIC PROCUREMENT MANAGEMENT

double degree master program provided by
[State University of Trade and Economics \(SUTE\)](#), Kyiv
and [University of Rome Tor Vergata \(URTV\)](#)

Duration: 1 year 6 months

Language: English

Financed by: EBRD and EIB¹

Time of study: evenings on weekdays and Saturdays

Mode: hybrid (online study in Rome, off-/online study in Kyiv, depending on safety situation)

Overview

The main goal of this Master Programme (hereinafter - IMPPM) is development of professional competence in the international public procurement management, practical orientation on the implementation of the best global public procurement practices; establishment of constructive interaction between participants in international public procurement, compliance with ethical and sustainable principles in the public procurement management and public-private partnership; integrity and zero tolerance for corruption. IMPPM offers professional procurement specialists the opportunity to improve their skills and upgrade their competences to participate successfully in public procurement procedures set by international institutions.

The core faculty

The best international, Italian and Ukrainian specialists are involved in the training process - professors from the University of Rome Tor Vergata, State University of Trade and Economics and other renowned institutes and universities around the world, procurement specialists from the EBRD, the World Bank, other international organizations and the private sector.

Content

IMPPM studies the background of public procurement, as well legal and economic; current challenges to public procurements like innovations, digitalization, monopolistic practices, corruption risks, war and the need of Ukrainian economy recovery, sustainable development trends and the most efficient ways to meet them; exact national and international procedures of public procurement, e.g. the procedures of IFIs.
